## Accreditation Statement/ Credit Designation:

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of Sanford School of Medicine of The University of South Dakota and the South Dakota Department of Health. The Sanford School of Medicine of The University of South Dakota is accredited by the ACCME to provide continuing medical education for physicians.

The Sanford School of Medicine of The University of South Dakota designates this educational activity for a maximum of five and one quarter (5.25) *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

The Office of Continuing Medical Education, Sanford School of Medicine of The University of South Dakota is an approved provider of continuing nursing education by CNE-Net, the education division of the North Dakota Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. Nursing participants will be awarded five and one quarter (5.25) contact hours of credit for attendance upon completion and submission of the evaluation form.

This program has been approved for 5.25 Contact Hours by the South Dakota Board of Pharmacy.

The South Dakota Office of Emergency Medical Services approves this educational program for five and one quarter (5.25) hours of continuing education credit.

This program has been approved by the South Dakota Animal Industry Board for five and one quarter (5.25) contact hours for Veterinarians.

This program has been approved by the South Dakota State Board of Dentistry for five (5) hours university studies for dentists and five (5) hours clinical credit for dental hygienists and advanced dental assistants.

## ADA Policy

The Office of Continuing Medical Education, Sanford School of Medicine of The University of South Dakota is committed to making programs accessible to all persons. A person with a disability who needs accommodations in a program should contact the Office of Continuing Medical Education at least three weeks prior to the program. After that date, we will make every effort to provide assistance but cannot guarantee that requested services will be available.

# Weapons of Mass Destruction Clinical Care Course

**Tuesday, April 22, 2008**

**9:00 am - 4:00 pm**

Best Western Ramkota Hotel  
Aberdeen, South Dakota

Jointly Sponsored by

SANFORD SCHOOL OF MEDICINE  
The University of South Dakota

## Course Description:

The Weapons of Mass Destruction Clinical Care Course is designed to give participants a basic understanding of, and familiarity with, the biological, nuclear, incendiary, chemical, and explosive (BNICE) terrorist threat; the acute health effects of a BNICE agent exposure; recognition of trends indicating a possible BNICE event; and appropriate individual protective measures to be used in a BNICE situation. Participants will also gain familiarity with the unique aspects of triage, mass casualty considerations, emergency decontamination procedures for patients and healthcare workers during a BNICE event, and appropriate emergency medical treatment for BNICE agents.

## Learning Objectives:

At the conclusion of this continuing medical education activity, participants should be able to:

1. Identify the key elements and characteristics of the BNICE terrorist threat
2. Describe management of chemical warfare victims
3. Describe the various types of biological warfare agents and recognize the signs and symptoms of exposure
4. Describe the principles of diagnosis, treatment, and management of radiation casualties
5. List common injuries and management strategies associated with blast injuries
6. Describe the scope of affected persons during a disaster

## Target Audience:

Bioterrorism Coordinators, Physician Leadership members, hospital administrators, allied health personnel, dentists, public health personnel, physicians, mental health personnel, nurse practitioners, physician assistants, nurses, pharmacists, EMTs, respiratory therapists, lab personnel, and veterinarians.

## Presenter:

### Stephen V. Cantrill, MD, FACEP

Dr. Cantrill is currently the Project Director and Principal Investigator of the BNICE Colorado WMD Training Center at Denver Health Medical Center and Associate Professor in the Division of Emergency Medicine at the University of Colorado Health Sciences Center. Until recently he served as the Associate Director of Emergency Medicine at Denver Health. He has lectured nationally and internationally on many topics including weapons of mass destruction, disasters and disaster management, and has been involved in disaster education for more than two decades. He served as the regional medical coordinator for Denver's participation in Operation TopOff 2000. He has also been involved in weapons of mass destruction training for Colorado and has participated in the planning for multiple mass gathering events, including the Denver Papal visit and the Denver Summit of Eight World Economic Conference. He has testified at US Senate Committee hearings on bioterrorism preparedness. He has recently served as the principal investigator on an AHRQ regional surge capacity grant and is currently the principal investigator of the AHRQ HAVBED national bed availability project. Dr. Cantrill is board certified in the practice of emergency medicine.
